Subject: RE: ACP stormwater application

All,

It appears I'll need to request additional information for these stormwater general permit applications. The 11x17 plan sheets they submitted are not to scale, and not legible. I really can't begin the review until I have legible plans.

I'll send a copy of the add. info. letter to you all prior to sending it out to ACP.

Thanks.

Subject: ACP stormwater application

The central office stormwater permitting unit just received applications for both stormwater general permits that are required for the ACP project.
